LIVIO-FX CONSULTING - COMPANY PROFILE

The "Livio-Fx Consulting" agency as a business to work in international commodity, as a broker but also as a Buyer and Seller according to the situations and to the material.

We focused early on the marketing and distribution of refined sunflower oil, corn oil, palm oil, soybean oil, CDRO DIN 51605, rapeseed oil, used cooking oil and other edible oils and biomass. After a short time the company has had the opportunity to marketing and distribution of drinks, Energy drinks, beer, mineral water, fruit juices and foods made in Italy directly with the factories. The best quality of products and their wide variety allowed the opening of a national and long-term international market. On request we can send the products to the customer label.

Sales are organized with a sales network of sales agents located all over the world, active partners, that cater to industries, wholesalers, retailers and supermarkets.

The product is distributed with the support of our logistics partners with tax warehouses, ports, we can offer any destination requested by the buyer.
